## LEAGUE TO SEND SOLEMN MESSAGE

Gratitude of League Assembly Will be Forwarded to Wilson

Argentinian Threatens to Arouse Conflict Over Amendments

(By Associated Press)

Geneva, Switzerland, December 2.—Dispatch of a solemn message of gratitude to President Wilson for the way he responded to the appeal of the Council of the League of Nations to act as mediator between the Armenians and the Turkish Nationalists was proposed to the Assembly of the League by Paul Hymans, its president, shortly after today's session of the Assembly began.

After the opening ceremonies, M. Hymans announced Mr. Wilson's offer to mediate in Armenia and read the Council's reply. That body informed Mr. Wilson it is asking the Brazilian and Spanish governments, which yesterday also offered their services as mediators, to communicate direct with Washington regarding the means of action.

There was apprehension in some quarters over a sharp conflict which developed today at the session of the Assembly, which took up the question of amendments to the covenant.

H. Pueyrredon, Foreign Minister of Argentina and head of that nation's delegation, had not yet renewed his opposition to the report of the committee recommending postponement of all amendments until they had been studied by a special commission.

He had declared he would bring to the floor of the Assembly a proposition that all members of the Council should be elected by the Assembly. Hope was expressed, however, the clash might not take place.

A large majority of the delegates held that the little work this session of the Assembly can hope to accomplish should be done without a dissenting voice or any questions.

## EDISON PLANT LAYS OFF 1200 OF ITS WORKERS

Reduction Necessary Because Of General Business Trend

(By Associated Press)

New York, O., December 2.—Approximately 1,200 men employed in the New Jersey plant of the Thomas A. Edison Affiliated Industries at West Orange and Silver Lake, N. J., have been laid off, the company announced today. Reductions, it was said, were necessary, "in keeping with the general business trend throughout the country."

## ROB HOTEL GUESTS IN CLEVELAND

(By Associated Press)

Cleveland, O., December 2.—Two well dressed youths wearing masks held Mr. and Mrs. William Geer, New York City, at the point of revolvers in the couple's room in a downtown hotel late last night and robbed them of \$185 and jewelry worth \$625. The robbers escaped.

## ALLEGED LEADER OF MAIL BANDITS IS FAKE OFFICER

Keith L. Collins.

Keith L. Collins, alleged to be the "master mind" of the gang that staged the recent mail train robbery at Council Bluffs, Ia., has been arrested. He wore the uniform of a captain in the aviation service and wore three medals. Army officials say he was a private in the aero service and did not see service abroad. Collins denies all the charges.

## NEW INTEREST IS AROUSED IN HAMON KILLING

Young Woman Driven Long Distance After Shooting

Driver Says Woman Admitted Shooting

(By Associated Press)

Ardmore, Okla., December 2.—With publication today of a sworn statement by E. W. Sallis, Dallas, Texas, chauffeur, telling of a drive from Dallas to Cisco with a "young lady" who told him she had shot a "wealthy" man in a hotel at Ardmore, Sunday night, November 21st, new interest developed in the shooting of Jacob L. Hamon, Republican National Committeeman, in a hotel here that night.

A warrant for Clara Smith, formerly Mr. Hamon's secretary, was issued the day before the committeeman's death charging assault with intent to kill.

## TO BEGIN PROBE IN COAL PRICE

(By Associated Press)

Washington, December 2.—Senate investigation into the price of anthracite coal will begin in New York Saturday, it was announced today by Senator Calder, chairman of the Senate Committee of Inquiry.

Sensor Calder said the governors of the New England states had requested the investigation.

## PHYSICIANS IN CONFERENCE IN STRICKEN CITY

One More Death and One New Case Typhoid in Salem

(By Associated Press)

Alliance, O., December 2.—Twenty-eight physicians and health officers are in session in Salem today making a study of the typhoid fever epidemic there.

The physicians came from cities and towns in northeastern Ohio at the request of Dr. F. G. Bordeau, in charge of the State Health officials combating the typhoid fever.

One more death occurred last night and one new case was reported today.

## PROTEST IS MADE BY HAITI PEOPLE

Declare Board of Inquiry Departing Without Hearing All

Daniels Orders Rear Admiral Knapp Summon Witnesses

(By Associated Press)

Washington, December 2.—"Citizens of Haiti" have protested to Secretary Daniels against the departure from their country of the naval board of inquiry until additional witnesses have been heard in the investigation into the conduct of the Marine forces occupying the Island Republic.

In announcing receipt of the telegram today Mr. Daniels said he had no official advice the board, headed by Rear Admiral Mayo, had left Haiti.

Upon receipt of the telegram the Naval Secretary immediately instructed Rear Admiral Knapp, who represents both the State and Navy Department in Haiti, to conduct an informal hearing at which witnesses who did not appear before the Mayo board might testify.

Should this testimony warrant such action, the Secretary said, he would order the Mayo board back to Haiti or convene a new board.

## SPROUL URGES COMMISSION TO REVISE TAXES

General Change in Tax Laws Necessary Says Governor

(By Associated Press)

Harrisburg, Pa., December 2.—Creation of a national commission representing both state and Federal governments to revise and simplify tax laws was advocated by Governor William C. Sproul, Pennsylvania, in an address before the governors' conference here today.

Most states will require new tax legislation within the next few years, Governor Sproul said, pointing out the necessity of making the new laws uniform and preventing duplication of Federal and state levies.

"The most hopeful project is in the promise Federal requirements will decrease," he declared.

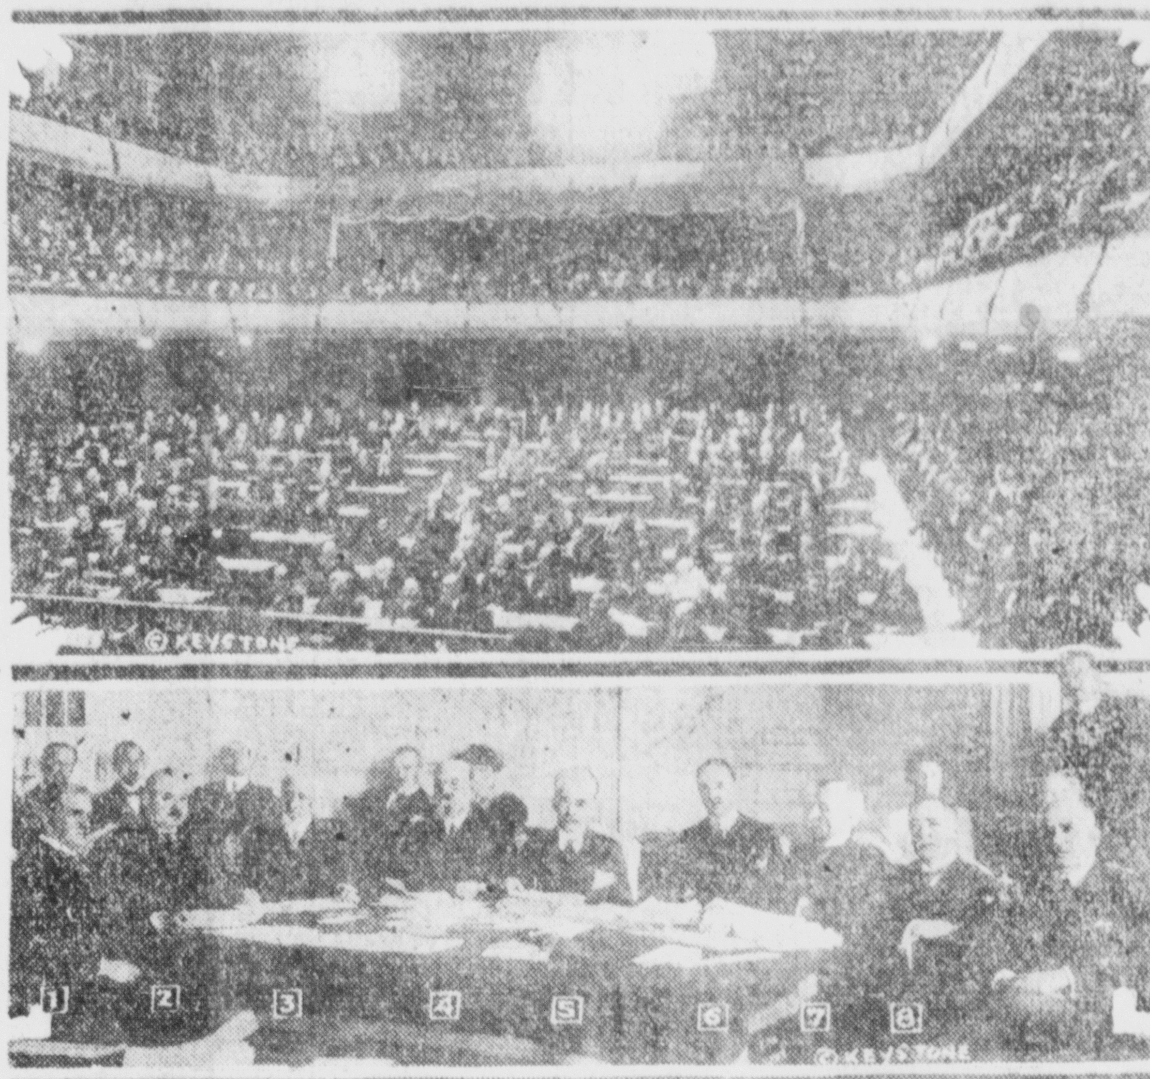

"If they do not, the Federal government should undertake the support of public institutions now kept up by the state with money raised from sources also levied upon by the national government."

## POLICE SEEKING WHISKY THIEVES AND MURDERERS

(By Associated Press)

Lexington, Ky., December 2.—Civil authorities and Federal agents were today combing the city and county and police in other cities were alert for apprehension of a band of whisky thieves who early this morning shot and killed William B. Anderson, government guard, at the J. E. Pepper Distillery on the old Frankfort pike, after the watchman had fired upon them.

## LEAGUE HANDLES MANY PROBLEMS AT FIRST SESSION

General view of the assembly in session and heads of the commission in conference about table. Those indicated by numerals are: 1—Dr. Gastao da Cunha of Brazil; 2—Quinones de Leon of Spain; 3—Premier Tittoni of Italy; 4—Leon Bourgeois of France; 5—Paul Hymans of Belgium, president of the assembly; 6—Sir Eric Drummond, secretary of the league; 7—H. A. L. Fisher of England; 8—Viscount Ischi of Japan.

The assembly of the league of nations, now in its first session, is tackling bravely many of the most pressing questions submitted to it despite the fact that

the organization of the league has not been entirely perfected. The supervising of plebiscites in various sections of central Europe, involving the sending of

troops and the question of a mandate for Armenia are among the matters discussed to date. The U. S. is not officially represented at the meeting.

## PLANS MORAL ACTION ALONE

President Also Makes it Plain Armenian Action Is Planned As Head of U. S.

U. S. Mediator Will be Named Soon After League Confirms Acceptance

(By Associated Press)

Washington, December 2.—The representatives to be chosen by President Wilson to mediate between the Armenians and Turkish Nationalists will act for the President of the United States and not Woodrow Wilson personally, it was said today at the State Department.

This statement was made in response to the exact meaning of the President's declaration in his letter to the League he would be glad to proffer his "personal mediation."

State Department officials declared the American mediator yet to be chosen would have all the influence and prestige of the United States government behind him in his negotiations. It has been made clear by the President however that moral influence is the only kind which the United States can use in this situation.

President Wilson is awaiting official acceptance of his proffer by the League of Nations before appointing a mediator.

## INDICTMENTS RETURNED IN NEW YORK PROBE

(By Associated Press)

New York, December 2.—While the joint legislative committee today continued its inquiry into the "building trust" focusing its attention on alleged price fixing in supplies, the November additional grand jury handed down a number of secret indictments.

In issuing bench warrants for arrest of the defendants Judge Mulqueen of general sessions court did not make public their names or the charges against them.

## WARREN STEEL MILLS DISMISS MANY WORKERS

Some Departments Are Entirely Closed—Thousands Laid Off

Fifty Per Cent. of Capacity Is Utilized

(By Associated Press)

Warren, O., December 2.—Steel mill operations in this district have been temporarily curtailed about 50 percent this week, because of general business conditions, according to company officials, with the Liberty Steel Mill, employing 600 men closed and the Trumbull Steel Company's open hearth department completely idle. Other departments are working about half the normal force of 5,000 men.

The Warren Iron and Steel Company, employing 700 men, is working full time.

## SENATOR NAMED ACTING MAYOR

(By Associated Press)

Williamson, W. Va., December 1.—State Senator William York was named mayor pro tem tonight. Senator York will assume duties of Mayor Peters, who is ill in a Cincinnati hospital.

The action was taken after the military authorities had notified civil officials that the city must be "cleaned up."

## TREADWAY CONFESSES TO KILLING SAY POLICE

(By Associated Press)

Philadelphia, December 1.—Peter D. Treadway confessed today, according to the police that he killed Henry T. Peirce, manufacturer's agent, who was found beaten to death here November 22.

He said to have absolved Maria "Boots" Phillips, also known as Sue Rogers, and J. A. Moss of any connection with the actual killing, but made no mention of "Al" Smith, the fourth member of the party alleged to have been in Peirce's apartment when he met death.

Treadway, the officials said, assumed full responsibility for the act.

## DEPUTIES WILL BE ASSIGNED TO AID TROOPS

No Acts of Violence Reported Throughout Coal District.

(By Associated Press)

Williamson, W. Va., December 2.—A deputy sheriff will be assigned to each military detachment on duty in the coal strike zone of Mingo county, it was stated at military headquarters here today, in order to permit civil authorities to function as usual.

They will act under direction of the military unless the situation becomes acute.

Thirty-six hours have passed without reported acts of violence. It was pointed out, however, heavy rains had made communication with outlying districts exceedingly difficult.

## FIRST ADVERSE VOTE OF LEAGUE

Argentine Delegate Causes Stir When He Casts Negative Vote

Adverse Vote Upon Another Question Fails to Prevent

(By Associated Press)

Geneva, Switzerland, December 2.—The adverse vote of delegate Pueyrredon of Argentina prevented today the adoption by the Assembly of the League of Nations of a resolution rejecting the consideration of amendments to the League covenant at this session and providing for a committee to study changes before the meeting of the next Assembly.

The resolution rejecting the consideration of amendments to the League covenant and providing for a committee to study changes before the meeting of the next assembly was passed by the Assembly of the League at today's session with but one dissenting vote.

This was cast by Delegate Pueyrredon of Argentina. His negative vote, entirely unexpected, caused consternation in the Assembly as it was considered it would prevent the passage of the resolution under the provision that virtually all acts of the Assembly must be by unanimous vote.

President Hymans, however, ruled the question was one of procedure not requiring unanimous vote and notwithstanding the negative vote he declared the resolution adopted.

## FIVE LOSE LIVES IN NEW YORK FIRE

(By Associated Press)

New York, December 2.—Five persons were burned to death by fire which this morning swept through a five-story apartment house on West Fifty-seventh Street, just off Fifth Avenue.

The dead included Miss Marjorie Lescomb, motion picture actress, recently arrived in America from England.

## FARMERS MAY GET BIG LOAN TO TIDE OVER

Hitchcock Proposes Bill to Loan Farmers \$60,000,000.

(By Associated Press)

Washington, December 2.—Immediate loan of \$60,000,000 from government funds to aid farmers in the face of falling prices of their products is proposed by Senator Hitchcock, Democrat, of Nebraska, in a bill drawn today after a conference with Governor Harding of the Federal Reserve Board.

Senator Hitchcock plans to present the measure when Congress meets next week.

## SEALS ARRIVE FOR XMAS SALE

Red Cross Chapter is Ready to Begin Work of Selling Seals in Great Fight Against Tuberculosis.

Fayette county's quota of Christmas Seals arrived at the Red Cross headquarters Wednesday.

The seals were accompanied by a number of great posters which are being distributed about the city and county. "Seal your mail with the stamp of health" is the advice on the posters.

Fayette county's quota is ten to every citizen. They sell at one cent each.

The annual Christmas Seal sale has financed tuberculosis and public health work in the state for the past ten years. Last year's sale was the best in the history of the movement when about 20,000,000 seals were sold.

The sale in Fayette county last year was also the greatest that has ever been held. The amount raised was over \$750.

Sunday, December 5th, is the date set aside to present the tuberculosis problem in the churches. A message on the Christmas Seal will probably be read before every congregation.

Friday, December 10th, is Health Day in the public schools. The school children are not expected to buy the seals so much as to do all in their power to advertise the seal sale.

Although the seals sell for a penny each yet many people desire to contribute a substantial amount yet do not care to be bothered with so many seals. There is no limit to the amount which may be paid for them.

## SEE LOWER PRICE FOR COAL AT HAND

Some of the big users of coal in this city, who buy their supply direct from the mines whenever possible, announce that during the past few days they have had calls informing the local industries that they can now supply coal, and indicate that some reduction in prices will be made if orders are given.

It is the first time for a long while, according to one local business firm, that they have been solicited for their coal business, and they take the change of policy to indicate a speedy and substantial drop in the price of coal.

## WILL DEDICATE FRANKFORT CHURCH

Sunday, December 6th, will be a red letter day in the annals of the Methodist church at Frankfort, O., for on that day the beautiful new edifice of the Estella M. E. Church will be dedicated with services that will begin with Sunday School at 9 a. m. and continue throughout the day.

The church is a fine modern building with all institutional features and a source of great pride, not only to the Methodists of the town, but to people of all denominations. Bishop William F. Anderson and Rev. Arthur P. Cherrington will take part in the programs of the day.

Rev. Arthur E. McCullough is the pastor.

## INTEREST GROWS IN REVIVAL SERVICES

Regardless of the rain Wednesday evening there was a good attendance at the revival services at the Church of Christ. A choir of thirty young people under the leadership of Mr. Eddins made the singing one of the delightful features, and prepared the audience for the sermon later.

After a beautiful baptismal service Evangelist Thompson took for his subject, "Our Prodigal Girls." It was one of the best sermons he has preached during the meetings. The series of discourses on the "Prodigals" will be concluded this evening when Mr. Thompson will discuss the subject, "Our Prodigal Boys." These thoughtful addresses have made a profound impression on all who have been present.

The splendid sermons, good singing and large attendance, make the outlook for the remainder of the meetings bright.

## BROTHERHOOD CLASS

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lasy" and "heavy." Note how they clear clouded brain and perk up the spirits. 15c and 30c a box.

## SABINA POOLROOM OWNER PAYS \$900 ON THREE CHARGES

Gage Grove who is not unknown to the authorities, is in trouble once more at Sabina, and has just drawn fines aggregating \$900 on various charges.

Regarding his latest clash with the law, the Wilmington News says:

"Gage Grove, proprietor of a Sabina poolroom, when arraigned before Mayor Stewart of Sabina, drew heavy fines on three charges filed against him.

"The trouble started according to the story of the Sabina authorities, when Marshall D. B. Williams noticed that some of the men coming from the Groves poolroom had indulged a little too freely in the 'joy water'.

"Going to the poolroom the Marshal found the door locked but finally gained an entrance, it is said, and found that some of the men had been shooting crap. He searched the place and found some intoxicating drinks. Being told that Groves was looking for him somewhere on the streets, the marshal went after a warrant to arrest the man and returned to the poolroom. He kept Groves, who was flourishing a shotgun at him, according to the officer, from locking the door in his face and was compelled to knock him down before he could serve the warrant.

"Groves was fined \$50 for disorderly conduct; \$100 for allowing gambling in his place of business and \$750 for having intoxicating liquors in his possession. All but \$250 on the hue had been paid today, it was reported."

# INSIDE INFORMATION

(concluded)

In articles printed in these columns we have given inside information of value to every motor owner. These articles told what few motorists know—exactly what is happening in the cylinders which are either worn or scored.

## WEAR WITHIN THE CYLINDERS IS THE FORERUNNER OF INNUMERABLE ENGINE TROUBLES

Many of these troubles are mysterious even to experienced automotive repairmen. Wear once well started, troubles increase at every stroke of the

piston. Cylinders become oval in shape because greatest wear is exerted on opposite sides. New round rings will not fit snug in an oval shaped or out of round cylinder.

## PASTOR INDORSES XMAS SEAL SALE

Rev. Father L. W. Mulhane, Pastor St. Vincent de Paul's Church, Mt. Vernon, and Catholic Chaplain at the Ohio State Sanitarium located near Mt. Vernon, has strongly indorsed the Christmas Seal Sale, which begins December 1st. Father Mulhane's statement follows:

"I have been familiar with the work of the Ohio Society for the Prevention of Tuberculosis and the Ohio Public Health Association for years—especially since the location of the Ohio State Sanitarium for tubercular patients at this place. The sale of the Christmas Seal Stamps has been a

means of aiding and extending the work of the fight against the White Plague. Eighty percent of the funds raised by sale of these stamps

remain in the community where sold. I can indorse the project in all candor and bespeak for it a larger patronage than even last year. The work of the

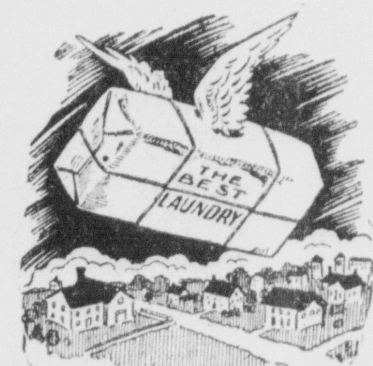

Ohio State Sanitarium is slow but sure. Patience and perseverance are their mottoes."

## Obregon Is Inaugurated

With the inauguration of Obregon on Wednesday Americans are to feel that order will finally be established and maintained in Mexico and if so it will be the first time since the triumph of the Madero revolution and the overthrow of Diaz that the Mexican people have had a real government capable of dealing with its own people and carrying on commercial and diplomatic relations with the other nations of the world.

There seems evident everywhere a feeling of confidence in Obregon: a feeling that he will make good.

Madero was an impractical dreamer, a real patriot at heart, a man who meant well and planned well for Mexico, but a man who fell short when it came to actual achievement. Huerta, traitor to Madero, who plotted his overthrow and subsequent murder, sought without the ability or the vision of Diaz and lacking the wholesome impulses of Madero to rule by tyranny a people long accustomed to revolution and banditry.

Carranza was a far better man than Huerta but grew pedantic and exacting with success until he alienated his best friends among the nations and among the Mexican people.

Obregon seems to come more nearly to meeting the qualification requirements than any of his predecessors.

Mexico is weary of war and chaos. Banditry has ceased to be profitable or even thrilling and Obregon, as the man of the hour will face far more promising conditions than any one of the leaders who has taken charge since Diaz.

## On The Job

The press of the nation is a unit in condemning the selfish determination to arbitrarily keep up prices wherever that determination shows itself. The wholesale and retail dealers, producers and manufacturers, in the days of mounting prices and unprecedentedly high living costs, had a firm defender in the public press.

Many a misunderstanding was cleared away by an honest impartial press, which sought for and obtained the facts and gave them that publicity which the people required to get conditions straight.

Had the newspapers, in the time of rising prices, joined in the clamorous complainings of the few who could not or would not realize the facts, a very ugly condition of unrest might have resulted.

Now with changed conditions with no justice to support the maintaining of high prices the press has joined in the demand of the people that prices come down.

No favorites are to be played. The press is seeking out the facts and publishing them. Dealers who do not know or will not acknowledge the change in conditions will find in the press a vigorous and alert opponent, just as capable, just as willing in beating them down to a lower basis as it was in holding them up to a high basis when facts and conditions warranted.

Any dealers, now days, who are nursing any fancy that they can get by with unjustifiably high prices are in for a rude awakening.

## A Serious Outlook

We may be pardoned for referring once more to the farmer because he is the most important citizen we have in the whole nation and because his present plight is easily the worst of all the workers and producers.

He is now, right up against it in real earnest. He is to be forgiven if he sometimes becomes a little too emphatic in his complaints and a little too radical in his threats.

The American farmer faces a selling market price now for his product that is only one-third to one-half as much as his market price at the time he produced the crops now ready for market.

The most discouraging feature is that the middlemen have not made a correspondingly great reduction so that the farmer not only must suffer a loss on his products but must buy on a high market what is necessary for him to have.

Unfavorable weather conditions may be endured without complaint, but these man-made conditions which menace the very financial existence of the producers of our foodstuffs cannot be accepted without complaint and without an effort to change them.

## POETRY FOR TODAY

### THE BIRD LET LOOSE

The bird let loose in Eastern skies,  
When hastening fondly home,  
N'er stoops to earth her wing, nor flies  
Where idle warbler roam!  
But high she shoots through air and  
light,  
Above all low delay,  
Where nothing earthly bounds her  
flight,  
Nor shadow dims her way.

So grant me, God, from every care  
And stain of passion-free,  
Alit through Virtues purer air,  
To hold my course to thee!  
No sin to cloud, no lure to stay  
My soul, as home she springs—  
Thy sunshine on her joyful way,  
Thy freedom in her wings!

## GREAT PRESSURE TO INFLUENCE RESERVE BOARD ACTION FAILS

Refusal of Houston To Play Politics to Satisfy the Cotton Growers

Was Big Factor in Breaking Up Of Solid South

Politicians Who Have Been Clamoring For Special Favor

Now Admit Government Was Right in Withholding It.

BY MARK SULLIVAN  
(Copyright 1920)

Washington, D. C., December 2.—There is one aspect of present conditions, and especially of conditions during the recent campaign, so wholesome and satisfying that it ought not to become history without being definitely recorded and brought to the attention of the largest number of people.

During the past three months, and especially during the month preceding the election, there was a large amount of pressure on Secretary Houston of the Treasury and on the Federal Reserve Board. This pressure came and still comes, from a large variety of individuals and organizations. During September and October it came conspicuously from delegations of farmers, led by their local politicians. The object was to press the Secretary of the Treasury and the Federal Reserve Board into taking some action beneficial to those who exert the pressure.

If it should be said that on some occasions this pressure took, and still takes, almost the form and violence of an attempt at intimidation, that phrase would hardly be too strong. An election was pending, the party in power was on trial and votes could be won by acquiescence, or lost by refusal.

That the Secretary of the Treasury and the Federal Board refused to take any of the various actions demanded is a matter of record. That the Democratic party, being the party in power, suffered by this refusal is also a matter of record. It was not the largest factor in the election, and acquiescence by the Treasury would not have won the election for the Democrats. But that their refusal to do a thing which had been specifically demanded by cotton farmers in Tennessee and wheat and cotton farmers in Oklahoma was a large part of the cause of those normally Democratic states going Republican, is easily proved. The election of a Republican senator from Oklahoma is said to have been due directly to resentment on the part of the cotton raisers.

Whether the action demanded by these politicians and farmers was or was not, sound finance, and whether the refusal by the Secretary of the Treasury and the Federal Reserve Board was, or was not, justified, is not the point. The point is that a Secretary of the Treasury, who holds his office by appointment from the President, and a Federal Reserve Board, who hold their offices by appointment from the President, knowingly made the choice and took the position which everybody knew well was bound to lose votes for the party whose leader had put them in office.

This is so wholesome a thing that it is good to record it at a moment when confidence in Government is being impaired by revelations of scandal in another department. It is so wholesome a thing that cynicism, preceding the event, would have refused to believe it. When the creation of the Federal Reserve Board was under discussion in Congress, one of the chief objects was that the appointments would always be political, and that the board would yield, in times of stress, to political pressure.

This episode, in fact, recalls a specific conversation in which President Wilson participated at the time when the Federal Reserve Board was being created. This argument—that the board would become the prey of politicians and would yield to political or sectional or class pressure—was made to President Wilson.

He replied that this was not necessarily to be feared. He said that there are always some offices which can be kept sacred from political pressure. He cited within his own experience the highest courts of New Jersey and pointed out that no matter how low the levels to which politics in that state sunk from time to time, the

higher courts were kept immune. He said that it would be possible to achieve the same immunity from politics for the Federal Reserve Board, and that one way of achieving it he could himself attend to by making the first appointments men of such high reputation that they would create for the office a dignity above reproach and of such high character that no one could coerce them.

The resistance which this Federal Reserve board and Secretary Houston of the Treasury, both appointed by Mr. Wilson, made to a clamor from politicians of the President's own party, who in some cases made their plea in formal delegations led by Senators from Democratic states, is one of the very large entries to be set down on the credit side of Mr. Wilson's Administration. If it is followed as a precedent by future Presidents and future Reserve Boards, President Wilson, in this case, along with some other more obvious cases, will be entitled to credit for giving to one of the country's institutions a permanent impetus in the right direction.

Whether the demands made on the Treasury were proper or improper, whether the refusal was wise or unwise from the point of view of sound economics, as well as sound morals, does not matter. There will be plenty of occasions to discuss that later on, for the clamor for Treasury aid continues, and the larger aspects of this kind of thing will be the burden of our domestic politics for years to come.

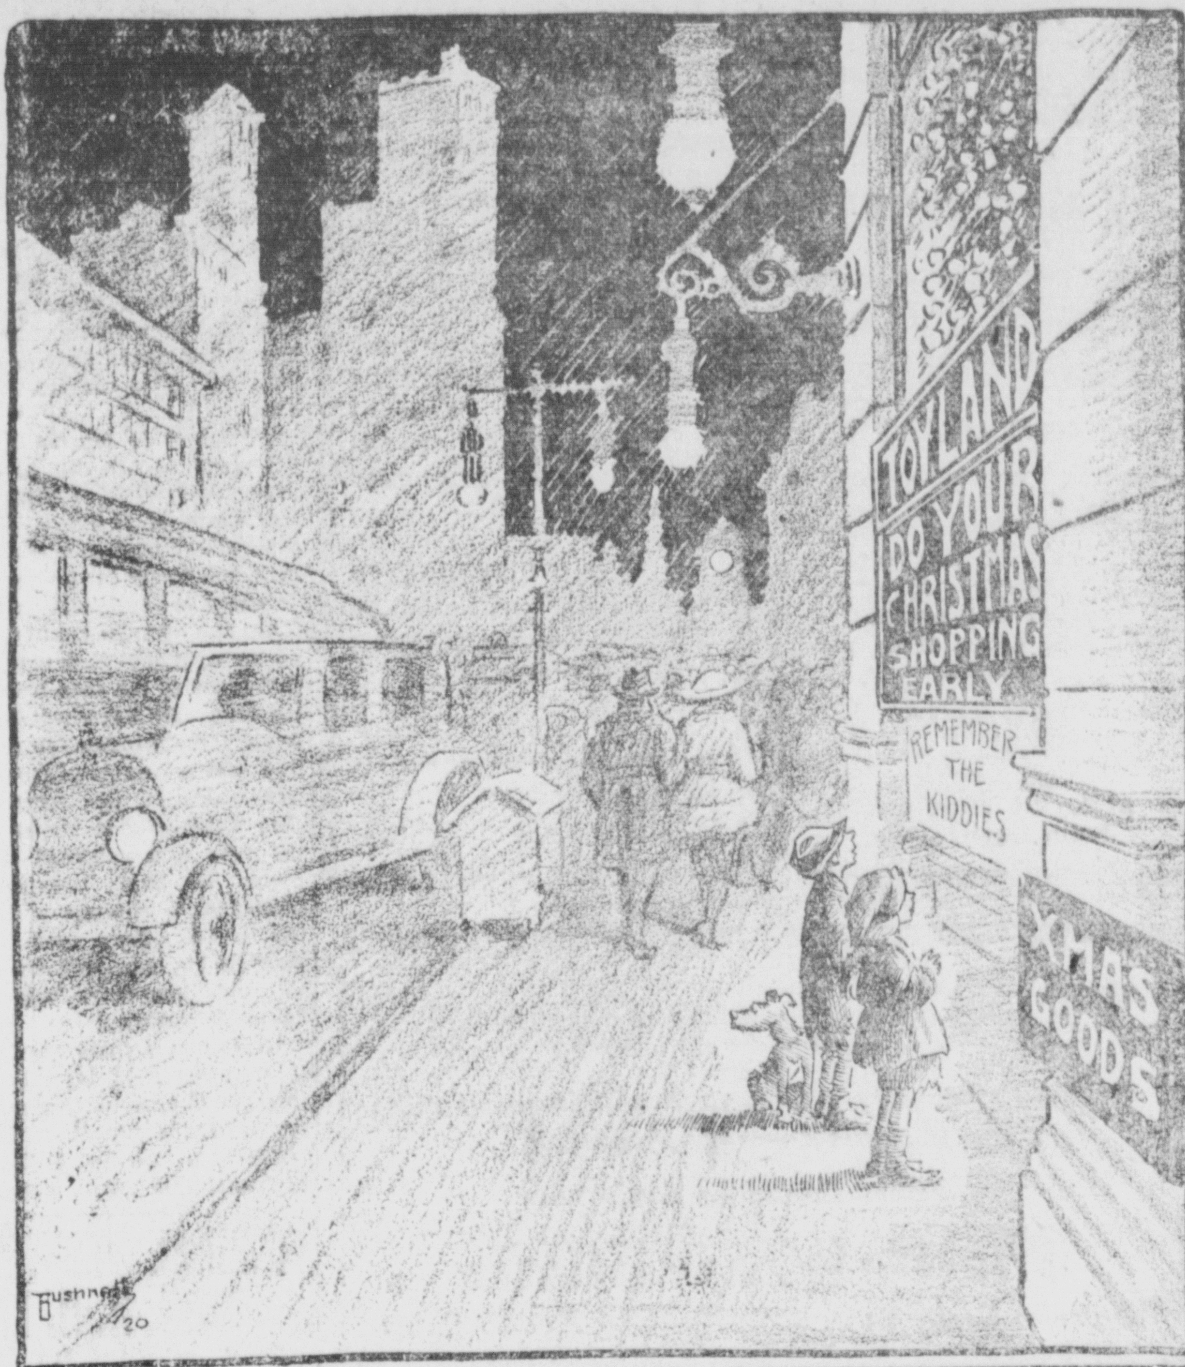

I happen to think that the refusal was sound, and that no assent could have been made to the plea of the farmers and others for Treasury aid in holding their goods for higher prices without violation of both economics and morals. This belief was shared by many of the very politicians who made the plea. Privately they said frankly that they did not believe in what their constituents were asking, but that they had to go through the motions for political reasons.

The belief was also shared by some farmers. Just after Secretary Houston issued this formal statement giving his reasons for his refusal to do what certain cotton raisers had demanded he should do, the following letter was written to him by a cotton farmer who lives near the little town of Forey, Texas:

"Mr. Secretary: I beg just one minute of your time to express to you my appreciation of your answer to the Farmers' as per inclosed clipping. 'I am a farmer—have never been anything else—nor have I any interest in anything else. I came here from Appomattox and rode the old horse that Gen. Grant, in the kindness of his heart, gave me. With a Scooter plough I opened a furrow, and my wife sowed the seed, with the spring winds whipping her skirts. We made a crop and have been at it ever since.'

"This year we (I always include my children) have gathered over one thousand bales of cotton. I think I know something of this business. I think I know all the ups and downs

Fayette county, as usual, is about to sustain her reputation as an interpreter of the law, which she gained in many knotty questions heretofore raised concerning the election laws of Ohio. This time it is the racing law that is questioned. As a result of contentions the American Trotting Association, which convenes in Chicago on the 6th instant, will be called upon to decide the rules.

The contention from Friday afternoon, last day of the 1910 Fayette County Fair, the race questioned being the 2:25 pacing stake, purse \$500. This race was the most hotly contested of the meet. The three principal contestants were St. Joseph, owned by J. M. Hull, of this city; Ella Hughes, owned by Chas. Todd, of Montgomery; and Baldwin Starr, owned by Patterson Brothers, of Piketon.

The purse in the race questioned has never been paid, the Fair Company having turned the money over to the American Trotting Association to be held until a decision is reached.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Seldom has more happiness been crowded into three hours than permeated and overflowed in the party entertained by Florence Mabel Sparks youngest daughter of Mr. and Mrs. Henry Sparks, Wednesday afternoon.

The home, roomy and effectively adorned with a variety of potted plants, presented an exceedingly pretty sight as half a hundred children trooped merrily after the winning young hostess, in pretty white frock and big butterfly hair bow. Mrs. Sparks, and assistants Marjorie and Dorothy Sparks and Miss Dorothy Briggs looked after the children with the greatest care and everything possible was done for their pleasure.

New and original games added immensely to joy of the afternoon. In an especially clever animal contest the Palmer and Marshall Alexander were first prize winners and Janet Daugherty a close second. Willard McLean received the consolation.

Refreshments that are prime favorites with small folks completed the entertainment.

The guests were Betty Ballard, Mary Ann Story, Dorothy Hudson, Kathryn Hudson, Marjorie Penn, Mary Louise Mark, Ada Catherine Anders, Joyce Bishop, the Palmer, Lona Gibson Dorothy Wilkins, Ruth Schadel, Juanita Kissling, Mary Grace Snyder, Martha Love Hitchcock, Elsie Hays, Edlin Robinson, Louise Judy, Floris Lipsitt, Kathryn Taggart, Jean Farquhar Janet Daugherty, Mary Chapman, Bliss Robinson, Clifton Hazard, Paul Feagans, Billy McFadden, Russell Brown, Thos. Craig, Robert Clark, Willard McLean Edgar Barnett, Marshall Alexander, Louis Mitchem, Tom Gardner Murray, Dean Fite, John Gerstner, Richard Elliott.

The election of officers of the Rebekah Lodge Wednesday evening resulted in Mrs. Clara Bouham being chosen Noble Grand; Mrs. Catherine Ginner, Vice Grand; Miss Lulu Larimer, Recording Secretary; Mrs. Lucy Edge Financial Secretary; Mrs. Arminia Adams, Treasurer; Mrs. Catherine

Hamm, Deputy-president; Mrs. Ida Rothrock Trustee.

Light refreshments were served at the election's close.

Six tables of younger matrons and girls were indebted to Mrs. J. M. Baker and Mrs. Morris Baker for a "Bridge," charmingly appointed and altogether delightful Wednesday afternoon.

Mrs. Ellis Daugherty was presented with a box of bon bons as the game's high trophy and Mrs. J. J. Kelley received the consolation.

The collation served was most delectable and huge, shaggy chrysanthemums were effective arrangements throughout the rooms.

Out of town guests added pleasure to the affair were Mrs. Clarence Frazer, of Xenia, Mrs. George Whitehead of Columbus, and Mrs. Walter E. Hutton, of Frankfort.

Despite the rainy night twenty women of the Charlotte Tuttle Sisterhood assembled at the home of Mrs. Regina U. Staibus and spent an evening of so much interest and pleasure that it well repaid the effort.

Entertaining with Mrs. Staibus were Mesdames Carey Persinger, Harry Parrett, Charles Gage, John Campbell, C. H. Thoroman.

The business meeting was followed by the serving of a nice lunch and informal sociability.

Set apart as an event of distinctive interest was an all day meeting of the Woman's Foreign Missionary Society and the Young Woman's Foreign Missionary Society of Grace M. E. Church held in the church Wednesday.

Two district officers, Mrs. W. A. Fisher, of Waverly, District President, and Mrs. John Dunlap, of Williamsport, District President, were honored guests and made talks inspiring to the work.

A bountiful dinner was served in the basement, cafeteria style, at noon, followed by an excellent program.

A hundred women were in attendance for the dinner and a number of

church women, not members of the Auxiliaries, came in for the afternoon session.

Mrs. Nancy Roberts conducted the opening devotionals and the plans for the year's work were outlined in the talks given by District officers. Mrs. A. W. Duff had the program in charge, assisted by members from both societies.

The noon dinner was admirably managed by Mrs. Ella Blessing, chairman of the W. F. M. Society, and Mrs. Orme Brown, chairman of the Y. W. F. M. Society and their committee, composed of forty members whose names began with the first three letters of the alphabet.

The Jeffersonville society members were guests and also Mrs. Kanuth and Mrs. Tinker, of Williamsport, were guests. Mrs. John Noble was enrolled as a new member.

Miss Emma Jackson cordially extended the hospitality of her home to the members of her Sunday School Class, "The Philathea Class Wednesday evening.

A supper, most appetizing in its viands, was served at six o'clock, the chief decoration a beautiful basket of yellow and maroon pom pom and button chrysanthemums.

The regular business meeting followed and merged into an "experience meeting," provoking fun galore as each young woman told how she earned her share of money for the class treasury.

Musical and sociability contributed to a delightful evening.

The women of the Guild of the First Presbyterian Church were hospitably entertained at the home of Mrs. Melia J. Hammer on Hinde street, Wednesday afternoon. Mrs. W. B. Hershey, Mrs. John Bryant, Mrs. William Mitcheer, Mrs. R. S. Quinn, Mrs. John Wilson, and Mrs. Charles Phillips were the assisting hostesses.

Thirty women enjoyed the afternoon together sewing on aprons for an apron sale to be held by the Guild in the near future.

Light refreshments were served by the hostesses.

Mrs. C. C. Hard, Mrs. C. C. Kelsley, Mrs. Campbell, Mrs. Fred Crone and Mrs. Mary Hines entertained twenty-five members of the Woman's Missionary Circle of the First Baptist Church at the Hard home on South North street, Wednesday afternoon.

It was the regular meeting of the Circle and after the opening exercises a short program was rendered. Mrs. William Kearns had a well written paper on "The Conditions on the Congo" and Mrs. Charles F. Ballard gave valuable information in her paper on "Achieving the Impossible."

Mrs. Kearns and Mrs. Walter McLean closed the program with a beautiful piano duet.

The hostesses served refreshments during the enjoyable social hour.

The meeting of the C. W. B. M. of the Church of Christ, Wednesday afternoon at the home of Mrs. L. A. Mark was in keeping with the Revival, which the church is conducting. Rev. Thompson the evangelist was present and made an inspiring talk. Miss Ella Rannels of Wilmington, a former resident of this city, and District Secretary of the C. W. B. M. was a most welcome guest, and also made a talk.

Mrs. J. C. Vleebome conducted the Bible study, and Mrs. Clark Mershon was program leader; "Personal Evangelism the Greatest Work in the World," was the subject of Mrs. Sarah Patton's fine paper. Mrs. George Osborn testified on the "Necessity of a Savior."

Mrs. C. O. Deere had the questions and answers under her supervision.

Mrs. Ed Leadbetter was assisting hostess for the afternoon and with Mrs. Mark served delicious refreshments.

The Woman and her tired house hunting friend rubbed their eyes and looked again—yes, actually, the sign read "Small apartment to let." A good-looking West Indian girl answered the door. It was a "walk up." The apartment was on the top floor and they supposed there must be something wrong with it or it wouldn't be vacant, so they hesitated to start the climb.

"How large are the rooms, and do they get the sunlight?" inquired the weary ones.

"It ain't easy to describe exactly how big they are. To some folks they'd seem right large and to some they'd be small," replied the girl, and extending a key, she added, "I'm right busy this moment, but you can stop right up there and take yo' own sunsight of the rooms." — New York Sun.

Mrs. C. U. Armstrong is convalescing at her home in Temple street from a throat operation performed by Drs. Madden and Shields at their private hospital in Xenia last Saturday.

Mr. John Jones, formerly of this city, for the past year in Oklahoma and Texas, spent several days here this week enroute from a visit with his mother in West Virginia.

Mr. H. Renick Boggs returned Thursday morning from a week's visit in Chicago, leaving Mrs. Boggs for a couple of weeks longer stay with her sister, Mrs. Joseph H. Donnell.

Mr. L. A. McCoy came down from Akron, Wednesday afternoon bringing home his mother Mrs. F. M. McCoy from a visit.

Thomas and Mrs. G. H. Brock, Mrs. Thomas Jones and Miss Frances Watkins of Jeffersonville were visitors in Columbus, Wednesday.

Capt. Harold Nisley, who has been detailed at Ames University, Iowa, is visiting his parents, Mr. and Mrs. A. C. Nisley near Seldon, enroute to Baltimore, Md., to which city he has been transferred.

Mrs. L. L. Brock, daughters Betty and Barbara, Mrs. Selsor Fenner, Misses Gladys Fenner and Gretchen Willis spent Thursday in Columbus.

Many friends in this community will learn with much regret that Mr. N. R. Griffin, of Briar Avenue, is seriously ill at the home of his son Rev. Chas. Griffin, in Huntington, W. Va. Rev. Griffin, a week ago returned from a visit here, taking his father with him. Mr. Griffin stood the trip well but later a bronchial trouble developed and his condition now arouses anxiety.

Mr. W. H. Sheridan and son Charles spent Thursday in Chillicothe.

### BELIEVE REMEDY EXISTS TO HAVE STREETS CLEANED

Several local business men have expressed the belief that some means exists whereby the main streets can be kept clean until the annual appropriation is made for the street cleaning work, and suggest that an emergency appropriation be made to keep the paved streets in something like sanitary condition.

It will be recalled that the original appropriation for the work was not made great enough to cover the cost of flushing after some time in November. As a result the up-down streets have become anything but presentable, and a little rain makes them dangerous and most unsightly and unsanitary.

Inasmuch as the property owners are willing to pay their assessments for the flushing and cleaning work, it is pointed out by some of the men, provision for cleaning the streets is urged, as the average business man would rather pay several times the cost of the work than do without it.

### VANCE WILL BE BROUGHT BACK

Word has been received from Joe Vance, who was being held in that camp under the name of Joseph McKinney, would be turned over to the authorities here for the theft of a horse and buggy in which Joseph Merritt also was implicated.

When Deputy Sheriff Nelson went after Merritt at Camp Sherman the second man was not surrendered, but later word was received to come and get the man as soon as he can be moved from the hospital, where he is located at the present time instead of in the guard house as previously announced.

Merritt was taken before Justice T. N. Craig, Wednesday evening, and entered a plea of not guilty. However, according to Sheriff Hall, he admitted being with Vance when the outfit was stolen, and knew that it was being stolen. Further hearing will be given him at a later date.

## YOUTHFUL BANDIT HOLDS UP CHILD AND TAKES CLOTHES

(By Associated Press)  
Marietta, Ohio, December 2.—Holding up Buddy Peterson, eight years old, while enroute from school Wednesday, and compelling him to disrobe, a thirteen year old boy selected his choicest apparel and sent him home. Buddy returned home half clad. Later police picked up the youthful bandit.

## MISSING BANKER FOUND BY FARMER

(By Associated Press)  
Toledo, December 2.—J. D. Stein, 39 president of the Pemberville Savings Bank, who disappeared Monday, was found near Pemberville early Wednesday by Henry Specht, a farmer. Stein was walking towards Pemberville. He is under care of a physician. He is believed to have suffered from temporary mental lapse.

## EBER SCHOOL FILLS RED CROSS QUOTA

Good Hope Reports That Four Grades Have Completed Enrollment.

More county schools continue to report that they have filled their quotas in the Red Cross Fourth Roll Call.

Superintendent O. S. Nelson was notified Wednesday that Miss Jeanette Roush's primary grade at the Eber centralized school had filled its quota. This makes the entire Eber school complete and gives it second place. The Wilson centralized school was the first to report a quota enrollment where the district has been consolidated.

Good Hope has started to report. Mrs. Willis Boyer's seventh and eighth grades and Miss Ethel Arnold's sixth and seventh grades have filled their quotas.

## PLAYS STRONG ROLE IN "YOUTHFUL FOLLY"

Local fanciers of feminine fashions had an opportunity to feast their eyes when Olive Thomas opened a three days engagement at the Colonial Thursday in "Youthful Folly." In addition to the splendid sartorial effects displayed by the star there are some of the most beautiful exterior and interior scenes ever filmed.

Miss Thomas plays the role of a young southern girl who finds herself plunged into a maelstrom of intrigue and scandal. She is married to a man who made her his wife merely for a blind.

The dramatic situations are sufficient to tax the capabilities of any actress and Miss Thomas rises to every occasion.

The charming debutantes who appear in the New Orleans County Club scene are the genuine society column article.

## COMMUNITY NIGHT AT JEFFERSONVILLE

For the purpose of securing more earnest co-operation between the school and the parents the public school of Jeffersonville has planned a "Community Night" for Friday, December 10.

It will be the first concerted action to bring the school closer to the parent and the school management in closer touch with the home of the pupils. Superintendent R. E. Correll of Jeffersonville is enthusiastic with the plan and believes that it will work out to a decided advantage.

The grades will take part in a pageant to be presented as one of the features of the entertainment. There will be talks by the pupils on the subject of "Centralization" as viewed from every angle. It will also be occasion for the debut of the high school orchestra, an organization of which the school is proud.

## AUTOMOBILE CLUB MOVES OFFICES

Offices of the Fayette County Automobile Club were moved Thursday from the location in the Worthington Block on North Main street to the offices recently vacated by the M. Hamm Fertilizer Company on South Main street.

Secretary Allen announced that the club will be completely installed and ready for business again on Thursday.

## SPEAKER ADVOCATES PROTECTIVE TARIFF

(By Associated Press)  
Chicago, December 1.—A protective tariff on cotton, rice and wheat was advocated before the National Association of commissioners, secretaries and representatives of departments of agriculture today by Harry D. Wilson of Louisiana.

E. W. Davis, president of the association said that a larger production of food is the only way to prevent a return to wartime prices.

"We can have no additional production, however, if the fruits of farm labor are to be blasted by falling markets when the harvest comes," Mr. Davis said.

## GOVERNORS TO URGE FARMER TROUBLES BEFORE CONGRESS

(By Associated Press)  
Harrisburg, Pa., December 1.—The governors' conference, meeting here today, moved to bring to the attention of Congress "acute conditions threatening ruin to farmers throughout the country" with the object of securing federal refunding to farmers' indebtedness for year.

## DECLARES WOMEN RETURNING TO THE FIG LEAF COSTUME

(By Associated Press)  
Toledo, December 2.—Women teachers were urged to tone down in their school costumes and make up to set an example of sensible clothing to their pupils in a resolution adopted by the Toledo Housewives League Wednesday.

"How can you expect young girls to have sensible dress ideas," demanded Mrs. H. F. Hahn, state chairman of the league. "When their teacher comes to school with the neck line of her dress down to her waist and her skirts up to her knees."

"We women have got to do something about the way women are dressing today. We'll soon be dressing like the South Sea Island women in nothing but a figleaf. I actually believe we would be more respectable, dressed that way."

## INSTRUCTIONS FOR MAILING XMAS PARCELS

Mail 'Em Early and In Ac-  
cordance With Instruc-  
tions Issued Herewith.

As an addition to the warning to  
mail Christmas parcels early, the lo-  
cal post office has issued a mailing  
schedule for all parts of the United  
States, which, if observed by patrons  
will insure the arrival of their gifts  
by Christmas day.

Certain dates are specified for mail-  
ing to certain states and if patrons  
will mail their packages on these days  
it will not only insure arrival but add  
to the safety in handling. For instance  
if only one package is mailed for Cal-  
ifornia during any day, it is started  
westward and will be handled sev-  
eral times, with consequent delay, un-  
til it reaches a terminal where suffi-  
cient packages have accumulated to  
justify making up a California sack.  
If all packages for California from  
Washington C. H. are mailed on the  
same day, the local office makes up  
a direct sack for California and it is  
sent through direct without change or  
extra handling. The same rule applies  
to the other states and if the patrons  
of the office will observe the schedule  
delays and mishandling of parcels  
will be reduced to a minimum.

### Christmas Mailing Schedule

December 15—For Pacific Coast  
states, Washington, Oregon, California  
Utah and Nevada.

December 16—For Rocky Mountain  
states, Wyoming, Idaho, Montana,  
Colorado, Arizona and New Mexico.

December 17—For Mississippi Val-  
ley states, North and South Dakota,  
Nebraska, Kansas, Oklahoma, Texas,  
Minnesota, Iowa, Missouri, Arkansas,  
Louisiana, Florida and Mississippi.

December 18—For New England  
states, Maine, New Hampshire, Ver-  
mont, Massachusetts, Rhode Island  
and Connecticut.

December 19—For New York, New  
Jersey, Delaware, Maryland, Virginia,  
North and South Carolina, Alabama  
and Georgia.

December 20—For Illinois, Indiana,  
Kentucky, Tennessee, Wisconsin,  
Michigan, Pennsylvania and West  
Virginia.

December 22—Parcels for all points  
in Ohio.

December 23—All parcels for local  
delivery.

Early mailing is necessary because  
the number of parcels handled this  
winter has increased over 50 per cent  
with an unusually heavy Christmas  
business anticipated.

Postmaster Rodgers has announced  
the following list of "don'ts" which if  
observed, will add greatly to the  
safety in handling and help to insure  
delivery.

Don't use light, flimsy twine in ty-  
ing your parcels.

Don't use tissue paper for wrapping.  
More packages are lost from this one

cause than any other. The corner of  
another package coming in contact  
with a tissue wrapped package will  
tear the tissue and the address is lost.

Don't use a lead pencil for  
addressing packages. It rubs off in  
handling and the address becomes il-  
legible.

Don't use light flimsy pasteboard  
boxes. Placed in a sack with other  
and heavier packages they are mangled  
and the contents lost.

Don't mail a valuable package with-  
out having it insured.

To avoid a long wait at the stamp  
window, anticipate your needs and  
buy sufficient stamps to mail your  
letters and Christmas cards.

If the public will co-operate the local  
office will use every effort to have all  
packages delivered by Christmas  
morning.

Money put into good, sound stocks and bonds NOW  
will give you a larger yearly income in dollars and cents than  
money so used has given for years.

NOW is a good time, therefore, to look over carefully the  
stocks and bonds you already own and see if they are  
earning for you a satisfactory income. You may find that  
it would be profitable for you to trade some of your old  
securities for new or different ones.

We shall be glad to assist you in this matter and to consult  
with you as to the advisability of any changes.

## MRS. C. R. MARSHALL CALLED BY DEATH AT JEFFERSONVILLE

Few deaths in the Jeffersonville com-  
munity recently have caused the shock  
and sorrow occasioned at eleven  
o'clock Wednesday night when Mrs.  
Ora Marshall, wife of Mr. C. R.  
Marshall, retired farmer and school  
teacher, passed quietly into the great  
beyond at her home in Jeffersonville.  
Death came after many weeks of  
suffering during which she grew weak-  
er each day until Wednesday morning  
when hope for her recovery almost  
ceased. The end came quietly, short-  
ly before midnight, with the members  
of her family at her bedside.

Mrs. Marshall always identified with  
the activities of her community during  
the many years that she resided near  
Jeffersonville and when living in the  
town gained a place in the esteem of  
her wide circle of friends won by  
very few.

She had been a lifelong church  
member and attended the Jefferson-  
ville M. P. Church.

In fraternal organization she was  
affiliated with the Rebekahs and the  
Eastern Star Order.  
Three children and a brother sur-  
vive with the husband: Mrs. John Rob-  
bins, of Jeffersonville; Gilbert and  
Frank, of near Jeffersonville; Gilbert  
L. Bush is the brother residing in  
Jeffersonville.

There isn't room on the same toe for a corn and two or three drops of "Gets-It," so the corn curls up, shrivels and peels off in your fingers so easily that you are simply astonished, because you can't feel it!

**Don't Be a Corn Cripple—Use "Gets-It!"**  
You actually wonder whether it can be true—that you went along for months enduring such misery when you could have had such easy and quick relief. Do you doubt? Prove it at our risk. Your money cheerfully refunded if "Gets-It" fails. Be sure you get the genuine. There is nothing else like "Gets-It." Sold by druggists everywhere; costs but a trifle. Mfg. by E. Lawrence & Co., Chicago.

Sold in Washington C. H. and recommended as the world's best remedy—Brown's Drug Store.

# CAMERA CATCHES LANDING OF FLIER FROM SPEEDING PLANE WITH NEW PARACHUTE

Mark M. Campbell landing with the parachute.

What is claimed to be the first successful parachute leap from a racing airplane with the new "Erwin" parachute was accomplished recently at Los Angeles, Cal., by "Daredevil" Mark M. Campbell, stunt flier. Campbell jumped from the plane at the height of 1,000 feet. The picture of the landing shows the design of the parachute and the canvas bag on Campbell's back which contains the parachute until the leap. It is reported that army fliers will use the Erwin parachute.

# GRIDIRON MATERIAL IN ABUNDANCE FOR THE 1921 SCHEDULE

Although Washington High School will lose by graduation six of its best football players, yet the prospects for a team next year are very good.

The men who will get their diplomas with the class of '21 are Captain Tom Rogers, John Deen, Willard Perrell Leroy Thompson, George Lamb, and Heber Deere.

Starting at the ends there are two fast flank men ready to step into their positions when the season starts next September. Hiram Hitchcock will be one of the most valuable men in the squad with his ability to receive forward passes and Russell Flea will be his running mate.

Where Sam Nelson, who played an end and tackle this year will be placed is uncertain but he is another who will bear watching next season. Hegler is another, a 185 pound man, who will be very valuable.

Davidson and Stewart are two husky guards who played well this year and will be even better another season. The two Smiths, Forrest and Clark, are ready to contend for regular position at tackle. They showed well in the games they played in this year. Davis will be another candidate for tackle as will also Don Rodgers.

Warren Baker took the center position this year and after his first chance was a regular in the lineup. His playing next year will be keenly watched.

In the backfield only the skeleton of this year's quartet remains but the material is good. Carroll Flea will be shifted from end to fullback. Bob Shrock, a new man on the team will again take a half position. Miller will probably be the 1921 quarter and there will be one big hole left to fill in the back field by Coach Moorehead.

Others who say action for a minute or two this season and who will be out again next year are Hamilton, Rodecker, Baughn, and Snider.

# ALICE WELCOME AT WHITE HOUSE

(By Associated Press)

Cincinnati, O., December 2.—One of the most welcome visitors at the White House after next March 4th, will be Alice Roosevelt Longworth, daughter of the late Theodore Roosevelt, and wife of Nicholas Longworth, of Cincinnati, congressman from the first district of Ohio.

There is no question but that she will be restored to the privileges she enjoyed as a member of the "inner cabinet" during the incumbency of President Taft. During the recent campaign Mrs. Longworth was one of the most active campaign workers among Republican women in this country. She accompanied her husband on his speaking dates, shook hands with everybody in the audiences, and many a voter carried the memory of her gracious smile to the voting booth. She also presided at several meetings for women, and made campaign speeches, which were reminiscent of the crisp epigrammatic utterances of her distinguished father.

She and Mr. Longworth were house guests of President-elect and Mrs. Harding on several occasions during the campaign and a warm friendship developed between the two women. Political experts here say that Congressman Longworth will be groomed for the race for the United States Senate against the present incumbent, Alcee Pomerene.
